*Unless otherwise noted, this proposal does not include excavation, groundwork, site prep or haul-off.

*Unless otherwise indicated, installation cost is based on a level (+/- 2%) and ready site with normal ground conditions.

*Extraordinary ground conditions, such as slope (3 % or greater), buried debris, natural obstructions which require extra attention (such as rock, unmarked service and/or irrigation lines, etc.), repair and/or special digging equipment during installation, will result in additional charges and time. All excavated dirt will be piled or spread on site. *No off-site trucking is included in this proposal.

*Standard lead time for delivery of product and start of installation is 4-6 weeks, unless other arrangements have been made in advance. This lead time can be effected by, but not limited to, ground conditions, permitting, site issues, shipping/delivery errors, etc. In any event, we will do our utmost to get the project back on the schedule at first opportunity.

*Time of installation/project completion depends on size of project, weather, and any extenuating or unforeseen circumstances (i.e. ground conditions, permitting, site issues, shipping errors, etc.).

*Permitting Fees/Zoning Fees are not included in this proposal, and if required, will come at an additional cost and time.

*Any required or requested engineered drawings by the owner or authorities having jurisdiction will be at an additional \$750.00.

*This estimate is based on reasonable access for any trucking, equipment, material, parking for tradesman, installs, clean up and demobilization.

*Any ground or yard rutting caused by equipment vehicles will be raked or shovel filled with available dirt on site. The estimate does not include new dirt, seed, straw or sod.

*Any mud or dirt left on pavement/sidewalks will be flat shoveled or broom swept.

*All equipment purchased will be delivered to the site. Following delivery, Pet and Playground Products will not be responsible for theft or damage caused by others.

*Any security or storage requested/needed will be at an additional cost.
